

# ST JOSEPH'S COLLEGE CHAPEL RESTORATION

Mark St, Hunters Hill, NSW

**VALUE:** \$2.7M **DURATION:** Jan – Sep '17 **CLIENT:** St Joseph's College

## PROJECT OVERVIEW:

Fugen was engaged to refurbish and upgrade services to the existing heritage-listed chapel at St Joseph's College. The chapel, often referred to as the 'heart' of the college holds significant value and enormous consideration was given to its rich history.

operational for the duration of the project. Continual maintenance and a clean work site during all restoration works was strictly adhered to, ensuring the health and safety of students, boarders and teachers.

## CHALLENGES:

With over 1,000 pupils and with construction works occurring during the school term, the day-to-day activities of the students could not be interrupted. Furthermore, the students, staff and all stakeholder's health and safety could not be compromised in any way by construction works.

## OVERALL OUTCOME:

Fugen worked very closely with the project architect to ensure the vision of the client for their new chapel became a reality. St Joseph's College 2018 Master Builders Association award-winning new chapel offers more space tailored to enacting the current rites of the Catholic Church. More flexible seating arrangements and an extended altar platform addressed the previous distance issues within the existing chapel layout and encourage a stronger sense of the gathered assembly.

## SOLUTION:

By working closely with St Joseph's College the school remained fully
